Volume 47, Issue 3

March 2022

Next Meeting – March 10th, 2022

IN THE PITS

by Mike Laible

It is two years since the field was closed because of COVID. Finally we see a light at the end of the tunnel and COVID is still close, however, it is at least in our rear view mirror.

As of this writing I have a meeting with JSC on Tuesday, March 7th. This is good news. The emails I have seen targets end of March to start getting to Stage 1, 75% on site personnel. I expect sometime in April we will be on-site flying. Lets keep our fingers crossed. I think continueing our membership registration and the COVID Vaccine question was well received by NASA. This keeps things simple for NASA.

Now onto the other events going on. Several organizations have really helped us and we should recipricate if we can. B elow are such oppurtunities.

Don't forget about the joint swap meet with Texas City. Vince can use some help so give him a call if you can. A flyer is at the end of this newsletter.

Also, from Vince:

Static Events:

March 19th Texas City

May 21st Pine Street Baptist Church Dickinson

I will send out details as soon as I get them.

Got an email from Joe Schmidt about some events at Lone Star Flight Museum:

March 12 Star War Drone event.

March 19 Marshalling event.

Give Joe a call if you would like to help or participate (281 300 1211).

In closing, I am excited about the meeting with NASA and hope to make headway on getting a re-open date. I know we will have a lot of work to do and will let NASA know. Areas that we will need from NASA is getting the electricity back on and the porta can on sight.

Its gonna be nice. You know I was thinking the other day, with the club closed we still had numerous options to fly. Not bad for a town of 6 million. We have a lot of flying fields. RC Heaven!!!!!!!!!!!!!!

Remember, never stop building and never stop flying. Godspeed and safe landings,

Mike

Side note Mike Laibles B-24 and Fitz's D3a Val also feated in Model Aviation same addition at Round top R/C Expo

What's Up Around the Club

by Mike Laible, photos by Fitz and Charlie

Well, not to much to report from here so I grab some items off the group me site and emails I randomly got.

The first one is something Rex just sent out. It seems the vent/pic is 6 years old but I guess he found the pic and wanted to send it out.

Pic of me at Dallas Aubrey flying field with Uncle Chuck on Jan. 26, 2016.

It was 40 degrees - notice my white Chinese gloves.

The pilot behind me was trying to warm up his gas engine with a hair blow dryer.

My electric needed no help - just throttle up and go.

Above is Tom Altmeyer's Ugly stick. Doesn't look so ugly. Nice yellow nose cone.

Below are a couple of PICS that Fitz sent to group me about the Perry swap meet. Seems like Lee Ray and Fitz have an aggressive schedule in the coming months. Anyway, I noticed they have the Rc Roundtable and will give a full review next issue. Check it out.

Cheers everyone.

Mike
