

# NEWSLETTER

DATE: Thursday, Oct. 9, 1980

TIME: 7:30 - 10:00 P.M.

PLACE: Clear Lake Park Bldg.

PROGRAM: Jimmy Ashley will talk about finishing models, etc.

Ed. Note: Due to Everything Happening At Once, there weren't much time to do the Newsletter this month. If you didn't have a good Prez who writes up stuff in time, you would have been lucky to get a postcard!!

## PREZ'S CORNER

(Dave Thomasson)

IT'S NOT WHERE'S THE WHO, OR WHY THE WHEN, BUT WHAT'S THE WHICH.

I was all set to air a gripe this month; however, my feelings are somewhat eased. Several times in the past two years I got on the soapbox and stated that the club never seems to be active as a group. We now have found something we do well together. We can EAT!!

I was very pleased with the attendance at our 1st Annual Bar-B-Q. My thanks to Hal Rosenberg, Dick Centnar and Jimmy Ashley for their work in making it a success. The pattern is set: let's keep it up in the future! (Ed. Note, again: if we're such a great group, why didn't we empty the keg all the way??)

As you may have guessed, someone played a trick on Mother Nature and she responded with abundant rain on the 27th & 28th. Our scale Uncontest had to be postponed. The new dates are Nov. 15 & 16. We will reschedule the raffle drawing until that date also. Gives some of us slower builders a little more time to get scale planes finished up now!

Remember the annual election is to take place this coming meeting. If you don't vote, don't gripe...or just don't gripe anyway! This may be the point at which to thank all those people who worked so hard to make the last year a personal success for me as Prez. Hope you do so again for the incoming slate of officers. THANKS!!

A small group of our club members is now planning to attend the Las Vegas Tournament of Champions in late October. Try to get some material for the December meeting, you guys, if you can pry yourselves away from the showgirls and slot machines. For those interested, I think you can still get rooms at the CircusCircus Hotel at special rates if you call them soon. There is an ad in the latest RCM with all the details. (Call the regular number after the rates go down at night: the 800- number is always busy) Don't forget to tell them you are coming for the TOC...they are saving rooms in the main hotel for those guests. As far as we know, transportation will be furnished from the Hotel to the flying field....and it was free at the last TOC.

DON'T FORGET THAT WE ALWAYS HAVE AN AUCTION AT THE NOVEMBER MEETING. THAT'S NOV. 13th!
